Planrol Systems has been an Authorized LINX System Solution Provider since 1991. We provide Shop Floor Data Collection Systems and integration services, including linkages to and/or integration with Time and Attendance, Payroll and Scheduling systems provided by others for the following applications:

- Inventory Control
- Item and Lot Tracking
- Labor Scheduling
- Machine Control
- Manufacturing Data Collection
- Order Entry
- Personal Identification
- Package Control Systems
- Production Control
- Quality Control
- Shipping and Receiving
- Shop Floor Control
- Time and Attendance
- Warehouse Pick/Put Lists
- Work-in-Process
- Physical Inventory
- Labor tracking by Employee and Operation
- Real Time Order Status

Our products are designed and developed to serve the following industries:

- Manufacturing
- Paper and Printing

Within these industries, our Order Entry, Inventory, Time sheets for Payroll and Job Costing systems have been integrated with many other 3rd party products. For details, please contact Dan Smith at the e-mail address first stated above, or visit our web site at www.planrol.com.

When appropriate, Planrol Systems works with user-localized system integrators and value added resellers to distribute its products throughout the USA and Canada. English language documentation detailing our well-developed systems is available in printed form, on CD-Rom independently, and included as part of the product deliverables on CD-ROM.
