- Labor Scheduling
- Manufacturing Data Collection
- Personal Identification
- Package Control Systems
- Production Control
- Property Identification
- Quality Control
- Route Accounting
- Shipping and Receiving
- Shop Floor Control
- Time and Attendance
- Warehouse Pick/Put Lists
- Work-in-Process

We serve the following industries:

- Automotive
- Baking and Foods
- Beverage and Bottling
- Manufacturing, Electronics and Electrical
- Paper and Printing
- Petroleum and Chemical
- Retail and Grocery

- Textile
- All Manufacturing and Distribution

ADC Integrated Systems is primarily focused on Wireless and Wired Data Collection Systems with specialization in the Manufacturing and Distribution industries. We provide custom developed Data Collection Applications for ERP, WMS, and other systems. Our products are prepared for a variety of hosts and operating systems, including all Windows environments, Unix, AS/400, etc. Our proven Time and Attendance System can attach by file export/import to any host system that will accept file transfer – we can match the file specifications necessary. Our system documentation is included as part of the product deliverables on CD-ROM.
